

IWMF New England Support Group meeting

Date: December 3, 2017, 1:00 pm-3:30 pm

Location: Yawkey Building, 3rd FL, Conference Room 306

Topic: "*Current Advances and Updates on Waldenstrom's macroglobulinemia*" presented by Dr. Jorge Castillo, Bing Center for WM, Dana Farber Cancer Institute

The seasons are certainly changing quickly around here! I hope you are all well and staying warm. Our next meeting of the IWMF Waldenstrom's Support Group is coming up soon and I look forward to seeing you then. For those of you who are new- we look forward to meeting you and hearing your WM story (should you wish to share)

We are very fortunate to have Dr. Jorge Castillo from the Bing Center for WM at Dana Faber as our presenter. His programs are always informative and easy to understand for those of you who may be new to the group. Thanks to Chris Patterson of the Bing Center for arranging the meeting space and speaker.

- Free parking, as always, in the Yawkey Garage. Home-made cookies and lots of great snacks to keep up your energy.
- Some of you may receive this notice twice, once from me and once from Chris Patterson, sorry in advance for that!
- **Could you please RSVP either to Chris or me to let us know if you can attend?**

Eileen Sullivan
Eastern MA/Southern NH IWMF Support Group Leader
